Career Focus

Full Stack Developer with a certificate in Web Development from the University of North Carolina Charlotte. A creative thinker and quick learner with many years of study in logic gained in undergraduate studies in philosophy. My approach to parsing and assimilating new knowledge analytically and my ability to work well with people of all different skill levels and work styles are what I consider to be among my greatest assets.

Technical Skills

-Javascript/ES6	-CSS	-Github
-React.js	-Node.js	-Heroku
-Express.js	-Materialize	-Agile Methodology
-MongoDB/Mongoose	-Bootstrap	-Mocha/Chai Testing
-MySQL/Sequelize	-CSS Grid	
-HTML5	-Git	

Projects

2020 Custom Corner | https://jeff-paul-greco.github.io/Custom-Corner-Demo/ Full MERN Stack app developed with a group of 6 for an interior design client. The app scrapes various furniture vendors, arranges and filters search results to be staged on tack-boards for different clients, and posts saved furniture to Pinterest. App uses React.js, React-Bootstrap, Mongoose, Express.js., Node.js, Axios, Cheerio, Puppeteer and Python.

2019 React Google Books Search | https://cryptic-dawn-75768.herokuapp.com/ Full MERN Stack app developed solely by me. Site returns search results via Google Books API and then allows the user to save searched entries and access/delete them later via MongoDB. App uses React.js, Bootstrap, Mongoose, Express.js., Node.js and Axios.

Work Experience

Bartender, Blumenthal Performing Arts Center **05/2018 – present**
